

Play value

Children and young people consider the Town Box to be a fantastic meeting place. There they feel safe and hidden from the world of the grown-ups. It is also possible for them to rotate the Town Box to change the view and their level of privacy.

Fundamental characteristics

- Natural wood surface for pleasant seating
- Shelter
- Appealing design

Recommended for

- School children
- Young people
- Supervised play areas such as schools, after-school programmes or similar
- Public play areas without supervision such as playgrounds, parks or similar

The photos show a version that differs from the current design

Town Box

Note

The turning mechanism is deliberately kept heavy so that it cannot be used in a carousel-like manner.

Scale 1:100

Safety check according to DIN EN 1176

Components

- 1 Town box with turning mechanism
- 1 Foundation frame

Installation information

Surfacing requirements
 no fall height according to standard

Foundations
 1 item Ø 100 cm, 40 cm deep
 Anchoring to the ground with anchor bolts

Attention:
Exact measurements may vary; for all installation dimensions refer to current assembly instructions.
 Technical changes reserved.
Equipment also available without turning mechanism (see Order No. 7.81050).

Technical information

Equipment made of non-impregnated mountain larch

Core-free

Sawn-timbers core-free, thus decreasing occurrences of cracking and undesired changes in shape

Tongue and groove

Tongue and groove planks made of 4 cm solid wood, highly resilient, no trickling of dust / sand, protection against direct rain

Ground anchor

All parts used for anchoring to the ground are made of hot-dip galvanised steel or stainless steel

For more detailed explanation of the quality characteristics see price list.
